

**Notification of the approved prospectus to another Member State in the case where the Republic of Croatia is the host Member State (*passporting out*)**

After receiving application for the notification of the approved prospectus to another Member State, along with the copy of the approved prospectus and the translation of summary note (if it is required by the host Member State), Hanfa shall, as the competent authority of the issuer's home Member State, notify the competent authority of the home Member State and deliver via e-mail the copy of the approved prospectus, the certificate of approval and the translation of summary note in a language of the host Member State (if a host member state requires translation of the summary note).

List of Member States that require translation of the summary note can be found [here](#).

At the same time as the certificate of approval of a prospectus is notified to the competent authority of the host Member State(s), Hanfa shall deliver the certificate of approval to ESMA and to the issuer. After the competent authority of the host Member State confirms the receipt of attached documents, Hanfa shall inform the issuer about the above-mentioned confirmation of the receipt but only upon the issuer's request.

Hanfa recommends issuers to contact the competent authority of the host Member State before the beginning of the cross-border offer or admission to trading on a regulated market.
